Campaign for Mandatory Labeling of  
Genetically Engineered Foods - Mothers

Page: 1

[To Home Page](#)

# CONSUMER RIGHT TO KNOW

## One Million Signature Campaign

**Over 300,000 Signatures Collected in 1998!**  
**Let's finish the job!**

**Petition to Secure the Mandatory Labeling  
of all Genetically Engineered Foods**  
**Submitted to the President of the United States,  
Congress, USDA and FDA**

10 AZ  
New substances are being introduced into our foods via a technology called genetic engineering. A growing number of scientists and physicians are voicing concern over the possible health and environmental risks from these foods. Current laws and policies do not require the food industry to label these new genetically engineered foods. Without labels consumers lose the freedom to choose what they will eat and feed their families. This petition upholds the right of consumers to make informed choices.

To add your name to the petition, please follow these simple steps:

1. Enter your information completely and accurately into the boxes of the form below.
2. Click the [Submit Petition] button.

**NOTE:** Your contact information WILL NOT be used for commercial purposes in any way. It will be held in strict confidence and used only for the purposes of this petition.

### PETITION

I, the undersigned, as a citizen of the United States of America, strongly urge the passage of legislation and policies to mandate the clear and accurate labeling of all foods derived from, processed with, containing or consisting of genetically engineered organisms before they are released into any and all commercial markets.

**Recipients:** <laura@safe-food.org>, <Laura>

I tried many times to send message to mother@safe-food.org, and each time I got an error message back.

Would you please add my name to the petition? Thanks.

Laura,

I would like to add my name to the public VIP petition, though I'm not sure if I qualify.
